On December 11, 2024, the first electric bike battery-swapping station was opened in ...

With EEP Africa financing, Zembo launched 200 electric moto prototypes and constructed 19 solar charging/battery swap stations in Kampala to pilot and validate the technology and payment solutions. The project provided an alternative to the large fossil fuel-based "boda-boda" market, which is a major contributor to pollution in African cities.

As gate motors continue to evolve, the D5 Centurion Gate Motor remains at the forefront, setting the standard for reliability and innovation. Its application in Kampala, Uganda, underscores its adaptability to diverse environments and reinforces its status as a trusted solution for automated access control.

VANTAGE - SWING GATE MOTOR CENTURION VANTAGE SWING GATE MOTOR IN KAMPALA UGANDA gate automation comes standard with battery backup offers a quick and easy (not to mention good looking) installation. It is an exceptionally strong set of operators for gates up to 4m wide, per leaf (consult specifications for further details). Boasting ...

D5 CENTURION GATE MOTOR KAMPALA UGANDA The iconic D5-Evo, re imagined. The gate motor synonymous with reliability and performance just got smarter introducing the D5-Evo SMART, powered by award-winning technology and designed to enhance your security experience.. More than just an upgrade, it's an evolution. The D5-Evo ...

All the CAN-enabled control units were networked on a two-level architecture using the CAN2.0B version of the Bosch vehicle bus system. The components connected to the vehicle bus include a...
