Join to apply for the Technician, Battery Module Build role at Lucid Motors. First name. Last name. Email. Password (6+ characters) By clicking Agree & Join, you agree to the LinkedIn User ...

My main battery cell 11 was replaced but took them three months as needed a eV battery specialist, tool on back order, and they had a back log. Prior to the battery being replaced we were getting 300 miles range despite it having done 40k miles. Since the module replacement we've been getting under 200 miles. That's with everything turned off ...

Battery manufacturing technicians prepare for and conduct processes in one stage of cell or battery manufacture. Electrode technicians produce the component that goes in battery cells. They perform processes such as mixing, ...
