

Battery shipping price from Sahara Arab Democratic Republic to Niger

Can I ship lithium ion batteries abroad?

Send Products Containing Lithium Ion Batteries Abroad Safely and Securely If you need to ship products containing lithium batteries internationally then PACK & SEND can help you to package your equipment securely and ensure that the shipment is compliant with regulations wherever you are sending to.

Are wet batteries safe to ship internationally?

Like lithium batteries, there are strict regulations to follow when shipping wet batteries internationally. An IATA Dangerous Goods label must be attached, along with the correct UN number and shipping name for the particular type of batteries.

How do I ship a lithium hydride battery?

Choose a strong, double-walled box or container to hold all the contents securely. Seal the outer box with plenty of strong tape, and attach the correct shipping label clearly to the outside. For dry and nickel-metal hydride batteries, this will typically be a standard shipping label.

What types of batteries can I mail or ship internationally?

There are many types of batteries that have different requirements when you wish to mail or ship them internationally: Wet batteries, also known as flooded lead-acid batteries, are commonly found in vehicles and backup power systems.

Does DHL Express ship battery shipments?

DHL Express has the expertise to guide you through every step. They know how to handle dangerous goods safely and ensure that your battery shipments are fully compliant, no matter where they're headed. Depending on what you're shipping and where it's going, DHL Express can walk you through the required documentation, so there's no guesswork.

What happens if you transport lithium batteries overseas?

When you transport lithium batteries overseas they are classified as hazardous materials. This will mean that not all shipping companies will be able to handle them as it is very important that they are packaged and labelled correctly.
