

Are there incentives for the technological sector in Brazil?

There are other incentives for the technological sector in Brazil, and some of them are still in the process of approval, for example, a proposal to deduct expenses in technological research and innovation development in the calculation of net income.

What incentive programs are available in Brazil?

In relation to infrastructure projects, the Infrastructure Ministry (Ministério da Infraestrutura) of Brazil has four primary incentive programs. The first one, the Merchant Marine Fund (Fundo da Marinha Mercante), is a resource provider for the growth of the merchant marine and naval construction and maintenance.

Which expenditures are eligible for the incentives in Brazil?

Only expenditure incurred in Brazil is eligible for the incentives (except for the reduction in the IPI (tax on industrial profits) discussed below). The resulting IP does not have to be held within Brazil.

Does Brazil offer tax incentives for investors?

Federal, state, and municipal governments have traditionally offered tax incentives for investors. Many Brazilian states and municipalities sought to compensate for decreasing federal incentives with their own generous fiscal incentives during the latter part of the 1990s.

What are the 'no-zoning incentives' available in Brazil?

None-Zoning Incentives are listed below and are still available by the end of June, 2023: Drawback Program: This scheme, available across Brazil including in the Manaus free-trade zone and export-processing zones, offers exporters the advantage of suspension, exemption or reimbursement of tariffs on imports used in the production of exports.

What incentives are available in the Manaus Free-Trade Zone?

Incentives typically include tax exemptions and subsidised, low-cost financial assistance. Exemptions from sales, import, and production taxes are available for manufacturing companies in the Manaus free-trade zone, offering a comprehensive incentives package that combines various types of federal, state, and municipal exemptions.

**TWO DECADES OF CHANGES IN BRAZILIAN PRIVATE EQUITY SECTOR.** The number of active Private Equity firms in Brazil increased consistently between 2001 and 2012: from 27 to 54 managers. This growth is mainly explained by the increase in the number of domestic Private Equity firms, which grew from 14 to 39 in the same period, while the number of foreign ...
