

As someone who loves the great outdoors, the APOLLO 180 rooftop cargo carrier has been a game-changer. The 25 cubic feet of storage easily fits all of my camping, hiking, and fishing gear, while the 180 watts of solar power is as convenient as it can get. The optional 10ft cord with Anderson plug was a no-brainer addition, as it provides ...

The Yakima CBX Solar features dual-sided opening for easy access from either side of your vehicle. The design and exterior looks mighty fine, too. There's no sacrificing fashion for function or vice versa with this cargo box. The Yakima CBX Solar provides 16 cubic feet of storage space and holds boards up to 185cm. On a recent outing I loaded ...

Has anyone attached a solar panel on top of a cargo box on their roof rack? I was looking at flexible panels thinking they could bend over the cargo box and be pretty discreet, but it looks like the bigger panels only flex in the one direction, meaning they wouldn't fit lengthwise over the box, and I'd have to get a few 50 w panels instead of a 100 or 160 w panel so they'd bend over the ...

WAPPPINGERS FALLS, NY - After nearly two years of product refinement, Packasport relaunches its Apollo rooftop box that features copious amounts storage and 180-watt solar panels that allow for unparalleled power generation ...

The CBX(TM) Solar rooftop cargo box blends modern aesthetics with a first-of-its-kind integrated solar panel capable of delivering a 36W/5-volt output. With 2 USB ports, it provides enough juice for a small campsite, won't drain power from your vehicle and can charge phones, tablets, camping lanterns and action cameras.

LAKE OSWEGO, Ore., February 4, 2020-Yakima is thrilled to announce that it has completed a successful Outdoor + Snow Show, held January 29-31 in Denver, highlighted by award wins for its innovative new rooftop cargo box, CBX SOLAR. The all-new box, featuring an integrated solar panel for charging portable batteries and other devices when off-grid, was ...

The CBX Solar blends clean-lined, modern aesthetics with a first-of-its-kind integrated solar panel. Yakima teamed up with Sunflare to create a solar panel capable of delivering a 36W/5-volt output for when you're adventuring.

The CBX Solar cargo box has a first-of-its-kind integrated solar panel capable of delivering a ...
