

Equatorial Guinea is set to construct the first liquefied natural gas (LNG) storage and regasification plant in West Africa, advancing efforts to monetize gas resources through the creation of a domestic gas-to-power infrastructure. Located at the Port of Akonikien on the country's mainland, the plant will enable the transportation ...

UK-headquartered oilfield services provider Petrofac has won a long-term technical services contract to support the operation of the Block B asset off the coast of Equatorial Guinea. This deal has been awarded by Compañía Nacional de Petróleos de Guinea Ecuatorial (GEPetrol), the African country's national oil company (NOC).

Equatorial Guinea is set to construct the first liquefied natural gas (LNG) storage and regasification plant in West Africa, advancing efforts to monetize gas resources through ...

The main attraction for ConocoPhillips in its \$22.5bn all-share deal to buy Marathon Oil Corporation is some 2bn barrels of US oil resources, but profitable interests in natural gas fields and processing plants in Equatorial Guinea are also in play.

The microgrid will provide electricity for the island's 5,000 residents using GE's battery-based energy storage system, which is designed to withstand the high temperatures on the island. The project is being led by MAECI Solar, which is providing the solar modules and system integration.

Saipem has announced a contract with Noble Energy for the offshore installation of a 70km gas pipeline connecting the Alen platform to Punta Europa to supply gas from the Alen field to the Alba liquefied petroleum gas processing plant and the EGLNG facility. Project start-up is planned for H1 2021. The Alen development is the first step in plans for an offshore natural ...
