

How much money is being invested in lithium-ion batteries?

An additional EUR20m is being invested in the production of lithium-ion batteries, with the installation of three highly automated assembly lines for lithium modules and complete lithium battery systems, as well as one assembly line for prototyping and R&D purposes.

Who makes Sunlight batteries?

Sunlight is currently the third largest manufacturer of batteries in the global motive power battery industry, with about EUR1 billion of consolidated annual sales and a workforce of approximately 3,100 people.

What's new at Sunlight's Xanthi battery plant?

Specialist battery company Sunlight, a member of Olympia Group, will significantly increase manufacturing capacity and create new jobs at its state-of-the-art plant in Xanthi, northern Greece, following a EUR25 million, 10-year loan from the European Investment Bank (EIB) which was confirmed earlier in Athens today.

How much money will a battery company invest in 2023?

Of its EUR-560-million business plan, the company will invest EUR 450 million to boost its sales network and production capacity up to 6.3 million battery cells by the end of 2023. This effort includes investment in equipment and mergers and acquisitions.

How will the Xanthi upgrade affect lead-acid battery production?

The upgrade will increase annual production capacity of lead-acid motive power products from 4GWh to 5.3GWh gradually until Q3 2022 and will render the Xanthi-based manufacturing unit the largest in the world for industrial, motive, lead-acid batteries.

Athens-headquartered battery maker Sunlight has announced a EUR50 million investment plan, with EUR30 million of it allocated for the production of lead-acid batteries.

Specialist battery company SUNLIGHT, a member of Olympia Group, will significantly increase manufacturing capacity at its state-of-the-art plant in Xanthi, northern Greece, following a EUR 12.5 million EIB loan ...

ECO POWER GROUP is a global lithium battery company offering lithium ion batteries, lithium battery energy storage systems and various components. Our team have Innovative Technology, Accuracy Manufacturing strength, and Quality Management. Get your free quote today! +86-25 -87739887 / +86-25-87739867 / +86-25-87739887 info@ecopowerpack English English; ...

This certification is essential for lithium battery manufacturers who wish to enter European markets. It covers several key safety and performance aspects, ensuring that lithium batteries, such as 12V lithium ion batteries

or 200Ah ...

This would essentially mean that cadmium-containing batteries intended for use in CPT would continue to be supplied to consumers and professional users but that these would be progressively replaced by the existing alternatives, namely nickel-metal hydride (NiMH) and lithium-ion (Li-ion) tools and battery packs.

Lithium-Ion Battery. Wholesale Lithium-Ion Battery for PV Systems? Simply put, a lithium-ion battery (commonly referred to as a Li-ion battery or LIB) is a type of rechargeable battery that ...

Greek battery maker Sunlight Group, part of Olympia Group, last week reported a 54% rise in 2021 turnover and said it is pushing with its EUR-560-million (USD 581.5m) five-year investment plan.

Lithium-Ion Battery. Wholesale Lithium-Ion Battery for PV Systems? Simply put, a lithium-ion battery (commonly referred to as a Li-ion battery or LIB) is a type of rechargeable battery that is commonly used for portable electronics and electric vehicles. The popularity of this kind of battery is also steadily growing for military and aerospace ...
