

# How to install the battery on a round screen

How do you put a new battery in a laptop?

If you're ready to pop in those fresh batteries, read on! For AA, AAA, C, and D batteries, slide the flat, negative end of the battery against the spring onto the device. Then, push the raised, positive end into the flat side of the compartment. For a 9-Volt battery, hold it at a 30° angle to line it up with the connector snaps.

How do I insert a battery?

When you insert batteries, just match the negative end to the spring and the positive end to the flat side. In this case, you'll place the negative, flat sides of the batteries against the springs. Include your email address to get a message when this question is answered.

How to use the round display?

To use the Round Display, we need to program the XIAO series. The recommended programming tool is the Arduino IDE, and you need to configure the Arduino environment for the XIAO and add the on-board package. If this is your first time using Arduino, we highly recommend you to refer to Getting Started with Arduino. Step 1.

How do you connect a battery to a phone?

Line up the snaps on the battery with those inside the device. Inside the battery compartment on the device, you will see two snaps that resemble the ones on top of the battery. The male connector on the battery aligns with the female connector on the battery compartment, and vice versa.

How do you stack multiple batteries?

In some applications, you need to stack multiple batteries to increase the voltage difference between the two terminals. This is easy to achieve: All you need to do is align the negative end of one cell with the positive end of the next one.

How do I choose a button battery?

Button batteries vary in size, but this advice works for all of them. The most important step when you're inserting a button battery is getting the polarity right, but this is a simple thing to ascertain. The batteries have one flat side, which is always the positive side, and a rounded side, which is the negative side.
