4 ???&#0183; While we work to ensure that our customers stay powered up, we regularly embark on maintenance practices e.g. maintenance of our equipment, hardware/software upgrades, troubleshootincidents & unplanned issues. More often than not, these practices will lead to power outages. You can now know when and where the power outage will be and ...

How does Duke Energy decide whose power gets turned back on first? We first restore customers who provide essential services to the community, such as hospitals, police stations and fire departments. Then, we repair damage that will return power to the greatest number of customers in the least amount of time.
