Philips solar and solar hybrid luminaires and lamps are helping city's cut their energy bills without major disruption to the infrastructure. For professionals For consumers

Outdoor solar lights can light up your walkway, backyard, or porch without the need to find an electrical outlet or worry about running low on battery. But finding the right solar lights for you can depend on several factors, as well as your budget.

Sylvania YourHome Solar range consists of wall lights, bollards, ground lights and floodlights to cover every aspect of outdoor illumination, whether to cover expansive gardens, porch, sheds, outhouses or a large area in need of lighting and improve safety and security. Designed for outdoor applications, it comes with a high IP54/IP65 rating, high lumen output up to 920lm and ...

Its autonomous and connected street lamps solve a wide variety of public lighting problems. Here we present the main applications of solar lighting, a technology that can restore comfort and safety of traffic and use on many public roads and community living spaces in cities, suburban, rural and remote areas.

We offer custom options for solar panels, LED housing, light poles, controllers, and batteries, including power, voltage, color temperature, CRI, logo, design, and more. Fast Delivery: Most orders within 15 days. Lifecycle Services: One-stop services cover the whole product lifecycle, on-site service worldwide is available.

From pathways to freeways, we reshape cityscapes with sustainable lighting. The EverGen Series is a range of high power, modular solar lighting solutions designed to illuminate projects across a wide variety of applications, including streets and roadways, parks, trails, parking lots, commercial and military facilities.

Good outdoor lighting dramatically extends the hours when you can enjoy your yard. It can make things safer by highlighting paths and walkways, or you can use it to showcase standout features like a koi pond or slate patio. And of course, the beauty of outdoor solar lighting is that there's no need for wiring or an outdoor outlet.
