Add strip lighting to decking, garden furniture, sheds and playhouses with our adhesive backed 200 LED white solar strip lights. This light is solar powered and does not require mains power to work. Maximise the brightness in the summer and double the runtime on shorter days. Will light for up to 10 hrs from a full charge.

A: Outdoor solar power LED light strips are lights that have long-lasting energy and use the sunlight to operate. They come in different colors and can be set in various modes, adding beauty and visibility to gardens, patios, pathways.

The strip does not bend well- which it shouldn't because it is wire- but it's good to know if you're thinking of doing something similar. I did not cut the strip since I didn't have enough of it. I did unroll the entire light strip and start taping with the end of the roll so I knew where to install the solar panel. Hoping this ...
