

# Palikir Battery New Materials Industrial Park

Where is a lithium battery manufacturing base in 2022?

A view of a lithium battery manufacturing base in Bijie, Southwest China's Guizhou province, in August 2022. LUO DAFU/FOR CHINA DAILY Southwest China's Guizhou province is harnessing its abundant resources and industrial prowess to bolster the development of batteries for the fast-growing new energy vehicle sector.

When will a lithium-ion battery anode be built in Indonesia?

Phase two construction will begin immediately and is targeted for completion in the first quarter of 2025 with an additional production capacity of 80,000 tons per year. With total production of 160,000 tons per year, this makes Indonesia the second largest producer of lithium-ion battery anode materials in the world after China.

Could Indonesia become an EV and car battery production base?

Indonesia, endowed with 25 percent of the world's reserves of nickel, a metal that makes up 40 percent of the basic materials of lithium batteries, may have a comparative advantage in becoming an EV and car battery production base.

Who opened anode electric battery component factory in Kendal Industrial Park?

PT Indonesia BTR New Energy Material inaugurated the opening of Anode electric battery component factory in Kendal Industrial Park on 7 August 2024.

What is a new Energy Material Innovation Center?

A new energy material innovation center has also been founded at the provincial level, focusing on surpassing key technical barriers in areas like phosphorus and fluorine, to drive industrial transformation and upgrade.

Who owns CATL & Morowali Industrial Park?

The joint venture consists of Jakarta-based PT Indonesia Morowali Industrial Park, Tokyo-based Hanwa Co Limited, as well as Chinese companies Tsingshan, GEM Co Limited and Contemporary Amperex Technology Co Limited (CATL) subsidiary Brunp.

Morocco's electric vehicle industry reached a new milestone as the Moroccan government held a grand signing ceremony in Rabat at the end of March 2024, marking a significant investment agreement with Chinese battery material leader, BTR New Material Group.

PT Merdeka Battery Materials Tbk Registered No. S-03093/BEI.PP1/04-2023 Quarterly Report: December 2023 Page 1 of 12 PT Merdeka Battery Materials Tbk (IDX: MBMA) All figures are denominated in US Dollars and represents unaudited numbers, unless otherwise stated PT Merdeka Battery Materials Tbk (IDX: MBMA) ("MBMA" or the "Company") is pleased to report ...
