Brian Bell Trade Electrical is part of the Brian Bell Group, Papua New Guinea's foremost retailer, wholesaler and distributor.

Lead Acid Battery. Lead-acid batteries are the cheapest and come with the shortest lifespan and capacity. These are a good option if users want to have a battery storage system on a budget. However, these batteries prove to be costly in the long run because users need to replace them more frequently. Saltwater Battery

Wholesale Lead-Acid Battery for PV systems Invented in 1859 by French physicist Gaston Planté, the lead-acid battery is the earliest type of rechargeable battery. In the charged state, the chemical energy of the lead-acid battery is stored in the potential difference between the pure lead on the negative side and the PbO₂ on the positive side, plus the aqueous sulphuric acid. The ...
