

Pacific Gas and Electric Company (PG& E) and the California Energy Commission yesterday unveiled an innovative battery energy storage system pilot project to better balance power needs of the electric grid. An official ribbon-cutting ceremony for the project was held at HGST, Inc's facility in east San Jose. The Yerba Buena Battery Energy Storage System ...

QuantumScape is building a pre-pilot manufacturing line in San Jose where it plans to make batteries by 2024. The intent is to let automakers test the batteries to see how they perform under...

San Jose's Clean Energy (SJCE) is San Jose's local, not-for-profit electricity supplier operated by the City of San Jose. Since 2019, we have provided clean energy for residents and businesses at competitive rates, while also offering community programs, local control, and more transparency and accessibility.

Terra-Gen has built more than 115 MW of new solar energy and new battery storage to meet the fixed delivery obligation in its 12-year power purchase agreement (PPA) with SJCE. SJCE contracted with Terra-Gen for a long-term PPA in April 2020, and the project came online on schedule and was built with union labor.
