

240W 12V solar charging kit which includes a 240W textured flexible solar panel, 20A MPPT ...

270W 12V solar charging kit which includes a 270W textured flexible solar panel, 30A MPPT solar charge controller with inbuilt LCD display, 5m solar cables with MC4 connectors and a 5m 6.0mm² dual core battery cable fitted with a 20A fuse.

110 Watt Solar Panel with Integrated Charge Controller (R3-32F13.7V) 15 ft. Extension Cord ...

Our new generation of PPT semi flexible reinforced solar panels are made using 5 busbar solar cells offering much higher efficiency (up to 25%) compared to standard solar cells making this one of the smallest and most efficient 60W solar panel available in the world. Made from ETFE material the 60W flexible solar panel is extremely strong and robust and will have a long ...

This high efficiency semi-flexible 100W dual battery solar charging kit is perfect for permanent outdoor use to provide free electricity for charging 12V batteries to power various applications, such as in a motorhome, caravan, camper, boat, or for solar lighting systems, off-grid and back up solar power systems.

240W 12V solar charging kit which includes a 240W textured flexible solar panel, 20A MPPT solar charge controller with inbuilt LCD display, 5m solar cables with MC4 connectors and a 5m 6.0mm dual core battery cable fitted with a 20A fuse.

This high-efficiency semi-flexible 30W solar panel kit is perfect for permanent outdoor use to provide free electricity for charging 12V batteries to power various applications, such as in a motorhome, caravan, camper, boat, or for solar ...

Meet the groundbreaking Bi-facial 150W CPC semi-flexible solar panel - a marvel that combines cutting-edge technology with unmatched precision! This incredibly light and flexible panel, weighing only 7.27-10.58 pounds, is a mere 30% of the weight of standard panels and boasts a thickness of less than 5%. What sets it a
