The average price of a solar system in Pakistan ranges from Rs. 100 to Rs. 160 per watt. This includes the cost of solar panels, inverters, installation, hardware, earthing & civil works, net metering, and mounting structure. The difference in this diverse range is due to many factors. For example, a standard mounting structure cost around 25,000 to 40,000 for 5kW. But if you want ...
