

Southern Europe Lithium Battery Tender Project Announcement

When will European lithium start producing lithium hydroxide?

The Company is aiming to commence lithium hydroxide production at the project in Q1 2025(subject to funding,approvals by the Austrian government and COVID-19 restrictions). "European Lithium aims to fast track the development of the Project which has the potential to become a major producer of lithium in Europe."

What is European lithium?

"European Lithium aims to fast track the development of the Project which has the potential to become a major producer of lithium in Europe." European Lithium aims to fast track the development of the Project which has the potential to become a major producer of lithium in Europe.

What is the funding and tenders portal?

The Funding and Tenders Portal is the single entry point(the Single Electronic Data Interchange Area) for applicants,contractors and experts in funding programmes and procurements managed by the European Commission.

Is European lithium a good investment?

*Based on Pre-Feasibility Study (PFS completed Q2 2018) refer to ASX announcement April 2018, European Lithium Completes Positive PFS, for further details. Existing exploration mine in centre of Europe, 270km SW Vienna, close to Graz and Klagenfurt airport, railway and highway access. Very good local infrastructure & sources of energy in place.

How much will RWE invest in the oranjewind battery project?

RWE plans to invest approximately 24 million euros. The battery project is an important step towards a portfolio of innovative demand assets to optimally integrate the weather-related fluctuating power generation profile of the "OranjeWind" offshore wind farm into the Dutch energy system.

How many gigawatts of batteries will RWE build by 2030?

RWE aims to build more than three gigawattsof batteries by 2030. RWE benefits from its many years of experience with battery storage systems and is therefore taking care of the detailed planning,modeling,system integration and commissioning of the projects directly and entirely on its own.
