Is ccell luster a good battery?

After many requests from customers,the CCELL Luster pod is available in both 0.5ml and 1.0ml pods and can be customized in a variety of metallic colors. Really high quality,especially for the price! Great product! The Luster Battery works better than any battery device I have ever used! So far so good.

How long does a luster battery last?

A premium 350mAh rechargeable Li-ion battery powers the Luster. On average,the power supply provides enough energy to vaporize a half gram (0.5mL) cartridge on a full charge cycle. The typical estimated life of a Li-ion battery is about 300-500 full charge cycles. After 300 full cycles,a typical Li-ion battery will lose 20% of its capacity.
